CCSB

**Chunghwa Chemical Synthesis & Biotech Co., Ltd.**

Chunghwa Chemical Synthesis & Biotech Co. Ltd. (CCSB) is one of the largest API manufacturers in Taiwan. CCSB commercialized specialty APIs manufactured by a sophisticated fusion of fermentation and synthesis technologies. After filing DMFs, CCSB passed the FDA inspections and EU inspection for biotechnology and synthesis product. The pipeline products include: Immunosuppressants, Rapamycin Derivatives and Echinocandins.

CCSB has established a sales office Pharmaports LLC in Exton, PA USA to promote its products and provide better services to the North American region. CCSB will continuously pursue the goal of quality product, quality service and quality people to become a world-wide major supplier of high quality APIs with competitive prices.

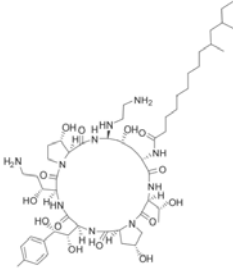

## APIs

Caspofungin Acetate	1
Omega-3 Carboxylic Acid	2
Ethyl Icosapentate	2
Pravastatin Sodium	2
Everolimus	3
Mycophenolate HCl	3
Mycophenolate Na	3
Mycophenolate Mofetil	3
Rapamycin	3
Tacrolimus	3
Metaxalone	4
Methocarbamol	4
Everolimus	5
Carfilzomib	5
Ingenol Mebutate	5
Teduglutide	6

## APIs

## Anti-Fungal Agents

## Caspofungin Acetate
