NISSEIKEN Rabies vaccine [®]

Product No. P614422-60

Dosage Form Injection

Package 10mL/Vial

Ingredients

Each mL contains:
HmLu cell culture-adapted RC'HL strain of rabies virus
>107.5 TCID50
Thimerosal <0.1 mg
Phosphate buffered saline Remaining quantity

Indications

Provides protection against rabies in dogs and cats.

Dosage and Administration

Administer a single 1mL dose to healthy dogs and cats by intramuscular or subcutaneous.

Surefit[®]

Product No. N001729

Dosage Form Ointment

Package 5.0gm/4's

Ingredients

Each gm contains:

Miconazole Nitrate....20mg

Polymyxin B sulfate....5,000 U(potency)

Bacitracin....250 U(potency)

Indications

1. Miconazole is a synthetic imidazole derivative and has an excellent anti-fungal effect.

2. Polymyxin B and Bacitracin is an antibiotic which is generally used for controlling gram-negative/positive bacterial infections.

Indication: Dogs, cats and pigeons: This product is for external use for controlling conjunctivitis and keratitis, and preventing postoperative infection.

Dosage and Administration

Use it twice a day properly painting on infectious eyes. It should be continuously used until the symptoms disappear for a few days.

Earzi®

Earzi®

Product No. N001743
 Dosage Form Suspension
 Package 15mL/Btl

Product No. N001750
 Dosage Form Suspension
 Package 500mL/Btl

Ingredients

Each mL contains:
 Miconazole Nitrate.....23mg
 Prednisolone Acetate.....5mg
 Polymyxin B Sulfate.....5500I.U.

Ingredients

Each mL contains:
 Miconazole Nitrate.....23mg
 Prednisolone Acetate.....5mg
 Polymyxin B Sulfate.....5500I.U.

Indications

Cats and dogs: control otitis and skin infections associated with fungi, yeasts, gram-negative and positive bacteria.

Indications

Cats and dogs: control otitis and skin infections associated with fungi, yeasts, gram-negative and positive bacteria.

Dosage and Administration

Ears: clean the auditory canal and drop a few suspensions into the ear twice a day. Massage ear well so the medicine could be spread out thoroughly in auditory canal.
 Skin: Apply a few drops based on the wound size. Please use it until the symptoms totally disappeared for a few days. Sometimes stubborn symptoms will last for 2-3 weeks.

Dosage and Administration

Ears: clean the auditory canal and drop a few suspensions into the ear twice a day. Massage ear well so the medicine could be spread out thoroughly in auditory canal.
 Skin: Apply a few drops based on the wound size. Please use it until the symptoms totally disappeared for a few days. Sometimes stubborn symptoms will last for 2-3 weeks.

Easywash[®]

Product No. N411463
 Dosage Form Solution
 Package 250mL/Btl

Ingredients

Each L contains:
 Chlorhexidine gluconate.....20gm

Easywash[®]

Product No. N412079
 Dosage Form Solution
 Package 3.8L/Drum

Ingredients

Each L contains:
 Chlorhexidine gluconate.....20gm
 Miconazole nitrate.....20gm

Furcare®

Furcare®

Product No. N412189-60

Dosage Form Solution

Package 3.8L/BTL

Product No. N412196-60

Dosage Form Solution

Package 3.8L/BTL

Ingredients

Ingredients

Suroclean[®]

Product No.	N451065
Dosage Form	Drops
Package	120mL/BTL

Ingredients

Tris-EDTA. Chloroxylenol(PCMX). salicylic acid. sodium docusate. Propylene glycol. Fragrance. purified water.

Indications

For dogs and cats ear cleaning.

Dosage and Administration

Cotusin-150[®]

Product No. E000011
 Dosage Form Injection
 Package 100mL/10vial

Ingredients

Each mL contains:
 Lincomycin Hcl monohydrate..... 50mg (potency)
 Spectinomycin Sulfate tetrahydrate.....100mg (potency)

Kanamycin-250[®]

Product No. N001224
 Dosage Form Injection
 Package 100mL/10vial

Ingredients

Each mL contains:
 Kanamycin Sulfate....250mg(potency)

Tylosin 20%[®]

Product No. N001145
 Dosage Form Injection
 Package 100mL/10vial

Ingredients

Each mL contains:
 Tylosin.....200mg(potency)

Sumezin 33 1/3%[®]

Product No. E043025
 Dosage Form Injection
 Package 100mL/10vial

Ingredients

Each 100mL contains:
 Sulfamethazine Sodium.....33.3gm

Oxytocin[®]

Product No. E611947-60
 Dosage Form Injection
 Package 10mL/12vial

Ingredients

Each mL contains:
 Oxytocin Synthetic....10Units

Dexamethasone[®]

Product No. E060543
 Dosage Form Injection
 Package 100mL/10vial

Ingredients

Each mL contains:
 Dexamethasone Sodium Phosphate eq.to Dexamethasone Phosphate....1mg

Smelin[®]

Product No. N131125
 Dosage Form Injection
 Package 100mL/10vial

Ingredients

Each mL contains:
 Benzetimide hydrochloride equivalent to
 Benzetimide...0.15mg

Sulpyrin 50%[®]

Product No. E122951
 Dosage Form Injection
 Package 100mL/10vial

Ingredients

Each mL contains:
 Sulpyrin....500mg

Neo-Coldenin S[®]

Product No. E111753
 Dosage Form Injection
 Package 100mL/10vial

Ingredients

Each mL contains:
 Chlorpheniramine Maleate....2.5mg
 dl-Methyl Ephedrine HCL....20mg
 Sulpyrin....150mg

Polycalcium[®]

Product No. E101398
 Dosage Form Injection
 Package 100mL/10vial

Ingredients

Each mL contains:
 Calcium Gluconate....500 mg

Vitalex[®]

Product No. E091547
 Dosage Form Injection
 Package 100mL/10vial

Ingredients

Each mL contains:
 Thiamine Hydrochloride....100 mg
 Riboflavin....5 mg
 Pyridoxine Hydrochloride....5 mg
 Niacinamide....50 mg
 D-Panthenol....5 mg

Methimin-G[®]

Product No. E081625
 Dosage Form Injection
 Package 100mL/10vial

Ingredients

Each 100mL contains:
 DL-Methionine N.F.2.5gm
 Thiamine Hydrochloride(B1) U.S.P25mg
 Riboflavin(B2) J.P.10mg
 Dextrose U.S.P10gm

Anti B-25[®]

Product No. E141615

Dosage Form Solution

Package 4L

Ingredients

Each mL contains:
Benzalkonium Chloride....250mg

Leaveworm Tablets[®]

Product No. N152276-60

Dosage Form Tablets

Package 30 tabs/box

Ingredients

Each tablet contains: Febantel.....150 mg

Pyrantel Pamoate.....144 mg

Praziquantel.....50 mg

Heart-boost®

Hepa-boost®

Product No. N452293-60

Dosage Form

Package

Product No. N452286-60

Dosage Form Capsule

Package

Ingredients

Ingredients

Renal-boost®

Product No. N452303-60
 Dosage Form Capsule
 Package

Ingredients

Hope-B Drops®

Product No. E050494
 Dosage Form Drops
 Package 30mL/Btl

Ingredients

Each mL contains:
 Vit.A...1,000I.U., Vit.D2...100I.U.
 Vit.B1...1mg, Vit.B2...0.25mg
 Vit.B6...0.25mg, Niacin.....2.5mg
 D-Panthenol...1mg, Vit.C...10mg
 Vit.B12...0.25mcg, Biotin(H)...5mcg
 L-Lysine...15mg, DL-Threonine...7.5mg

Indications

Promotes development, stimulates appetite, boosts weight, strengthens resistance to disease, revitalizes physical strength, improves constitution, enhances protein metabolism, and provides supplementary nutrition.

Dosage and Administration

Puppies: 0.5-1mL each time, three times daily. Dose may be increased when necessary.
 Storage method: Keep at room temperature, avoid direct sunlight.
